

## BOX

Collect data remotely through the Cloud.

	IoT	Small	Medium	Large	Satellite	
Top Features						
IoT connectivity						
Wired connectivity		Meters only				
Local server (BACnet IP, Modbus TCP, MQTT)						
Data points included	100	100	200	1 000	20	
Additional data points	50	50	50	1000	30	
Max data points	200	200	400	10 000	50	
4G SIM Card & data plan						
Configuration wizard						
Multisite management						
API access						
Graphs, schematics, alarms						

## HUD

All-in-one device to connect all equipment in all buildings.

	IOT	Small	Medium	Large	XLarge		
Top Features							
IN protocols (client)							
LoRaWAN		_					
wM-Bus		_					
BACnet	_						
Modbus	_						
M-Bus	_
